

E-LEARNING SHORT COURSES FACT SHEET

COURSE TITLE	ANAPHYLAXIS AND AUTOINJECTORS
COURSE LEVELS	INTRODUCTORY
COURSE OVERVIEW	<p>This course is designed to help you understand the risks of a severe allergic reaction and how to administer emergency treatment. The course outlines how anaphylaxis can be caused by a broad range of 'triggers', such as insect stings, foods, for example nuts and shellfish, latex and medicines, such as penicillin. Learners will also learn how to recognise the symptoms and identify how to administer first aid to a casualty who is suffering from anaphylaxis.</p>
COURSE CONTENT	<ul style="list-style-type: none"> • Reactions to allergens • Anaphylaxis • An employee's responsibility • Adrenaline autoinjectors • Common traits
WHO IS IT AIMED AT?	<p>Any employee or manager working in an environment where an understanding of anaphylaxis and autoinjectors would be beneficial. This course can be used as a stand-alone module or included in an induction programme</p>
COURSE DURATION	20 to 40 minutes
TEST/CERTIFICATION	<p>Learners are assessed at the end of the course by multiple-choice question. Learners will receive a Highfield e-learning completion certificate, which is downloadable upon successfully finishing the course.</p>
COST	£5
